

Occupational Health and Safety

JOSH -Meeting held April 13, 2016.

- Investigation regarding the temperature in the CTEI Welding Department, it is very cold in the toolcrib.
- Parking Lot 2 at the Interurban Campus, three crosswalk markings have faded and do not provide adequate safety precautions from Parking Lot 2 to Parking Lot 3. Three Josh members will investigate the area
- Technologies Building, hallways are becoming cluttered with various materials and equipment
- Designated Smoking Areas: boundaries are not clearly defined; smokers are standing outside boundaries. There was discussion regarding ground markings to outline the designated area.
- JOSH meeting minutes to be sent to CUPE 2081 each month.
