

YEAR END REPORT – MEMBER AT LARGE

March 15, 2021

Hello CUPE 2081 Members,

My name is Alesha Peters and I have been serving as Member at Large and would like to run for re-election.

As Member at Large for the past year, it has given me the opportunity to work with the Education Coordinator, Shelley Butler, and meeting with Human Resources monthly to review the CUPE SD applications. The purpose of the meetings are to review the members applications, with the goal to get the members their money refunded.

It is very interesting attending the CUPE executive meetings, it is a great honor to work with these remarkable individuals doing such good work. The work of the union stretches far beyond bargaining and seniority lists, from supporting members in need to giving back to the community through youth sports and scholarships, it is an organization we all should be very proud of. I still hope to volunteer my time to the good work of our union, giving the time and dedication that this position deserves.

It has been such a wonderful learning opportunity working in the union and I encourage everyone who has an interest in the greater good to consider joining the CUPE executive or one of the many committees, they are a bunch of really nice people.

Alesha Peters
CUPE 2081 Member at Large, CUPE Local 2081
